## Long John Saver Summer Newsletter

Teaching kids to save money is a hugely important task because it can benefit them throughout their lives.

Saving can start with something as simple as a weekly allowance for chores they might be able to do around the house or yard.

Explain to your child that this is similar to how you work to earn money so you can buy things.

Help your child learn how to **manage their savings!**

Our [Coins for Community](#) partner, the [Virginia Beach City-Wide PTA](#), fosters communication between parent volunteers to share best practices, respond to common concerns, be a voice for parents, provide parent educational resources, and advocate locally.
